**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I want competition. It is essential. I have two provider options currently one is a monopoly in many areas of the nation and are notoriously awful. Broadband is a utility. I need it for work, to pay bills, to communicate. Internet access should not be more expensive than heating hot water because the infrastructure is actually *simpler.*

I am a small business owner and a consumer who supports broadband competition and net neutrality.

Best,
Kevin
